Allowed Westernization Colors Paint

Based on Dunn-Edwards® Paints Victorian era historic paint colors. These paint colors have been extensively researched as appropriate to late-nineteenth century Victorian era architecture in the western United States. Dunn-Edwards® Paints includes historic colors from the Harrison Bros. & Co's "Town and Country" selection of paints allowed in Winthrop for many years. Most any paint manufacturer or paint supplier can match these colors exactly using the color number, color name, Munsell notation or RGB notation.
